

# Eliza Bryant Village *GPS Program*

*Navigating the road to healing  
for your aging loved one, together*

The Eliza Bryant Village *GPS Program* helps your aging loved one navigate the road to healing as a survivor of trauma.

Our enhanced services address not only the physical needs but also the social and emotional components of care that will improve the quality of life for your loved one while staying with us at Eliza Bryant Village.

Thanks to a grant from the Ohio Attorney General's Office, our skilled nursing residents and adult day and senior outreach program participants who have suffered from trauma, violence, or crime will be able to access expanded therapy and support programs, including music and art therapy and other enrichment activities, to address the consequences of financial, physical, emotional and/or verbal abuse they may have experienced during their lifetime.

**Eliza Bryant Village** is one of Cleveland's most treasured assets. Serving all, we are a community for aging adults where one can experience life to its fullest through a continuum of care.

**A community on the move**, we recognize our rich tradition of caring for the elderly. Named for Eliza Simmons Bryant, Eliza Bryant Village has been meeting the needs of older adults for more than 122 years.

**Our tradition of care** means helping seniors through convenient access to services they need – from adult day care and independent senior housing to rehabilitation and post-acute care and skilled nursing.

**At Eliza Bryant Village**, we have the right solution to meet your individual needs.
