

Eliza Bryant Village

A Community of Care. Rooted in Tradition.
Embracing the Future.

Activity Assistant Volunteer

If you are a fun, caring and outgoing person who loves interacting with seniors, helping them enjoy life through music, games, live entertainment, and more then volunteering as an Activity Assistant Volunteer will be a great fit for you!

Research has shown that enrichment activities help in reducing isolation, stimulating cognitive and physical abilities, increasing sense of community, and promoting independence.

Activities vary everyday but may include arts and crafts, music wellness and therapy, bingo, art therapy, movies, karaoke, and so much more!

The Activity Assistant Volunteer will play a major role in ensuring all seniors are actively engaged in quality programming. The Activity Assistant Volunteer will have the following responsibilities:

- Assisting with transporting seniors in wheelchairs to and from the activity rooms, rest rooms, dining rooms, and their personal rooms.
- Setting up activities for the day, including preparing snacks and organizing activity materials, and helping to carry out the activity.
- Delivering newspaper to resident rooms daily.
- Posting daily activity sheets and changing the weather board.
- Cleaning up after activities, including helping to clean the bird cages (*if comfortable*)
- Engaging seniors through one-on-one visits.
- Reporting changes in resident behavior, safety hazards, or procedural difficulties to the Director of Village Enrichment.
- Adhering to the Volunteer Handbook & Policy Manual.

A detailed orientation and training will be provided upon start of service at Eliza Bryant Village.

The Activity Assistant Volunteer should exhibit dependability, punctuality, creativity, enthusiasm, affection, flexibility and patience. Our seniors enjoy having a great time so this expected to be fun for both seniors and volunteers!
