

COVID-19 Update: Results from Mandatory Staff Testing: August 26, 2020

Hello Eliza Bryant Village Friends & Families,

Eliza Bryant Village and other long-term care providers are required to provide all-staff COVID-19 testing every two weeks. We will keep updating this blog post every weeks when we learn the results of the tests. We hope that this will help you be more informed and feel more comfortable with all the changes.

We understand that this may cause anxiety but please rest assured: if your family member came in contact with one of our team members who tested positive for COVID-19, you will receive a phone call from our nursing team.

The National Guard conducted mandatory COVID testing on Thursday, July 30, 2020. This testing included contract workers including Hospice providers, our physical therapy team and more essential workers who work with us to keep our residents safe and healthy.

The results of our first round of testing on July 30, where 145 tests were completed are as follows:

- 3 staff have been confirmed with COVID-19 positive tests.

Village staff conducted 147 tests on August 17, 2020, and no staff tested positive for COVID-19. One staff tested positive for COVID-19 from an outside organization and has not been to work since August 13th.

All residents are being screened daily with no one showing any signs/symptoms of COVID-19.

For the health and safety of our team, we will not be posting the names of those who test positive and we appreciate your understanding of this decision regarding the privacy of our employees.

As a reminder, we are beginning to invite families to visit outdoors with loved ones starting Monday, August 17, 2020. Scheduled visits are required and you should connect with our Medical Records team to schedule your appointment by calling (216) 658-1675. Visitation will be scheduled on Mondays, Wednesdays, and Fridays from 10:00 a.m. to 12:00 p.m. and from 2:00 p.m. to 4:00 p.m.

We thank you for your continued support and patience.

Please contact our Medical Records Team with any questions at (216) 658-1675.
